## The Great Hall

The key space within our impressive Great Hall complex is the magnificent 700-seat Sir Stanley Clarke Auditorium situated on the first floor. With flexible staging and international-standard acoustics; making it the perfect place in South Wales to put on performances or large conferences and events. The auditorium seating retracts so that it can be converted into a large, flat-floor space which is perfect for gala dinners and exhibitions.

Running alongside the auditorium are two galleries leading to a delightful bar area with breathtaking views of Swansea Bay. The Bar and Galleries can be used in conjunction with the Auditorium, or work just as well as a space in their own right; perfect for receptions, launches and small exhibitions.

The ground floor boasts nine additional rooms ranging from flat floor breakout spaces to tiered lecture style seating, perfect for larger conferences needing breakout spaces. More details below.
